

## **Discipline as Discipleship: A Biblical Approach**

*Discipline as Discipleship: A Biblical Approach* is a practical, spiritually grounded guide designed to help educators transform classroom discipline into an opportunity for meaningful discipleship. Rather than focusing solely on behavior management or control, this presentation emphasizes shaping students' hearts, attitudes, and actions through the application of biblical truth.

Rooted firmly in Scripture, it outlines clear principles, addresses common classroom challenges, and provides practical, actionable strategies for maintaining order while fostering spiritual growth. Teachers are equipped to model consistency, extend grace, and cultivate Christlike character in their students.

Ideal for Christian educators, this resource encourages teachers to approach every disciplinary moment as a ministry opportunity—leading with truth, love, and purpose in every classroom interaction.
